Nickel-Titanium **Base Alloys**

DANGER

Suspected of causing cancer. Harmful if swallowed.

May cause an allergic skin reaction.

Causes damage to the respiratory tract through prolonged or repeated exposure if inhaled.

Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Wear protective gloves. IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. If skin irritation or rash occurs: Get medical advice/attention. Dispose of contents/container to an approved waste disposal plant.
