03 January, 2021

Expiry Date:
02 January, 2024

This is to certify that the management system of

ATI Forged Products HO: Cudahy Operations

5481 South Packard Avenue, Cudahy, WI, 53110-8902, USA

and the sites as mentioned in the appendix accompanying this certificate

has been found to conform to the Quality Management System standards:

AS9100D and ISO 9001:2015
(technically equivalent to EN 9100:2018 and JISQ9100:2016)

and has been audited in accordance with the requirements of AS 9104/1:2012.
DNV GL Business Assurance USA, Inc. is accredited under the Industry Controlled
Other Party (ICOP) Scheme.

Type of certification structure: Several Sites

This certificate is valid for the following scope:

**Manufacturer of technologically advanced forgings, ring rolled products,
flow formed products, precision machined parts and subassemblies serving
Commercial & Military Aviation, Aerospace, Space, Defense, Energy,
Nuclear, Construction & Mining, Agriculture, Oil & Gas, Transportation and
Automotive industries.**

Place and (re-)issue date:
Katy, TX, 25 February 2021

For the accredited unit:
DNV GL - Business Assurance
1400 Ravello Drive, Katy, TX, 77449-5164,
USA

Sherif Mekkawy
Management Representative

Certificate no.: 08615-2006-AQ-HOU-ANAB
 Place and (re-)issue date: Katy, TX, **25 February 2021**

Appendix to Certificate

Locations included in the certification are as follows:

Site Name	Site Address	Site Scope
CENTRAL FUNCTION ATI Forged Products HO: Cudahy Operations	5481 South Packard Avenue Cudahy, WI, 53110-8902, USA	Manufacturer of technologically advanced forgings, ring rolled products, flow formed products, precision machined parts and subassemblies serving Commercial & Military Aviation, Aerospace, Space, Defense, Energy, Nuclear, Construction & Mining, Agriculture, Oil & Gas, Transportation and Automotive industries. Cudahy Operations performs raw material cutting & conditioning, forming operations that include hammers, presses, isothermal forging, ring-rolling and post forge operations that include heat treat, conditioning, machining, inspection and testing. Cudahy Operations primarily serves commercial & military aviation, aerospace, space, defense, construction & mining, oil & gas and energy industries.
ATI Forged Products Appleton Operations	3500 N. Executive Appleton, WI, 54911-8801, USA	Appleton Operations performs post machining operations that include inspection and testing. Appleton Operations primarily serves internal ATI customers with services on product that, after further processing, is ultimately used in the commercial & military aviation industries.
ATI Forged Products Coon Valley Operations	100 Jack Berg Lane Coon Valley, WI, 54623-8044, USA	Coon Valley Operations performs machining and post machining operations that include inspection & testing. Coon Valley Operations primarily serves internal ATI customers with services on product that, after further processing, is ultimately used in the commercial & military aviation, aerospace and defense industries.
ATI Forged Products Billerica Operations	12 Suburban Park Drive Billerica, MA, 01821-3998, USA	Billerica Operations @ 12 Suburban Park Drive performs post forming operations that include machining and inspection & testing. Billerica Operations primarily serves defense, nuclear and commercial & military aviation industries.

Certificate no.: 08615-2006-AQ-HOU-ANAB
 Place and (re-)issue date: Katy, TX, **25 February 2021**

Site Name	Site Address	Site Scope
ATI Forged Products Billerica Operations	5 Suburban Park Drive Billerica, MA, 01821, USA	Billerica Operations @ 5 Suburban Park Drive performs raw material cutting & conditioning, forming operations that include hammer, cold flow forming and post forming operations that include machining, inspection and testing. Billerica Operations primarily serves defense, nuclear and commercial & military aviation industries.
ATI Forged Products East Hartford Operations	311 Prestige Park Road East Hartford, CT, 06108-1928, USA	East Hartford Operations @ 311 Prestige Park performs semi-finish machining, precision finish machining, assembly and inspection operations. East Hartford Operations primarily serves the commercial & military aviation, aerospace and defense industries.
ATI Forged Products East Hartford Operations	45 Hayden Station Road Windsor, CT, 06095, USA	East Hartford Operations @ 45 Hayden Station performs a surface finishing operation. East Hartford Operations primarily serves the commercial & military aviation, aerospace and defense industries.
ATI Forged Products Irvine Operations	9 Wrigley Irvine, CA, 92618-2711, USA	Irvine Operations @ 9 Wrigley performs raw material cutting & conditioning, forming operations that include hot die press forging and post forge operations that include machining, heat treat and inspection & testing. Irvine Operations primarily serves the commercial & military aviation industries.
ATI Forged Products Irvine Operations	6 Faraday Irvine, CA, 92618, USA	Irvine Operations @ 6 Faraday primarily consists of office space and performs limited post forge operations that include inspection and nonconforming material storage and primarily serves the commercial & military aviation industries.
ATI Forged Products Irvine Operations	6 Mason Irvine, CA, 92618, USA	Irvine Operations @ 6 Mason performs post forge operations that include receiving, testing, packaging and shipping and primarily serves the commercial & military aviation industries.

Certificate no.: 08615-2006-AQ-HOU-ANAB
 Place and (re-)issue date: Katy, TX, **25 February 2021**

Site Name	Site Address	Site Scope
ATI ZKM Forging Sp. z.o.o.	Ul. Władysława Grabskiego 54, 37-450 Stalowa Wola, Poland	Stalowa Wola Operations performs raw material cutting & conditioning, forming operations that include hammers & presses, and post forge operations that include heat treat, conditioning, machining, inspection and testing. Stalowa Wola Operations primarily serves commercial & military aviation, aerospace, defense, construction & mining, oil & gas, energy, transportation & automotive industries.
